

## 3ds Max 2010 Advanced

### Description

This Autodesk 3ds Max training course covers a wide range of topics within 3D Studio Max, continuing to build on the concepts introduced in using Autodesk 3ds Max Essentials.

This 3D Studio Max training course develops these skills further so you will begin to develop visualisations with animated characters walking through your models with lighting and shadows working with your chosen materials to give successful rendering and a realistic feel.

Hands-on exercises throughout the 3D Studio Max training course demonstrate the modeling process using techniques that can be applied to the mainstream drafting industries.

### **Prerequisites**

Students should have completed the 3D Studio Max Essentials course or have equivalent experience using 3D Studio Max. It is also recommended that the student have a working knowledge of Microsoft® Windows® XP or Microsoft® Windows® 2000.

### Class Information

<b>Duration</b>	3 days
<b>Objective</b>	The 3ds Max Advanced class focuses on learning the techniques and methods that will get the best results. Over the three days you will be developing your skills and abilities with the 3ds Max toolset and workflow.
<b>Who Should Attend</b>	Students should have completed the 3D Studio Max Essentials course or have equivalent experience using 3D Studio Max.
